

NEED MONEY?

UP TO \$5000 PER PROJECT!

Do you have an interdisciplinary research project, course idea, or conference that concerns the environment? The Academy for the Environment has a limited amount of funds to support **interdisciplinary** UNR faculty and student projects for the upcoming fiscal year. Cross-college and cross-departmental collaborative projects are strongly encouraged. We support:

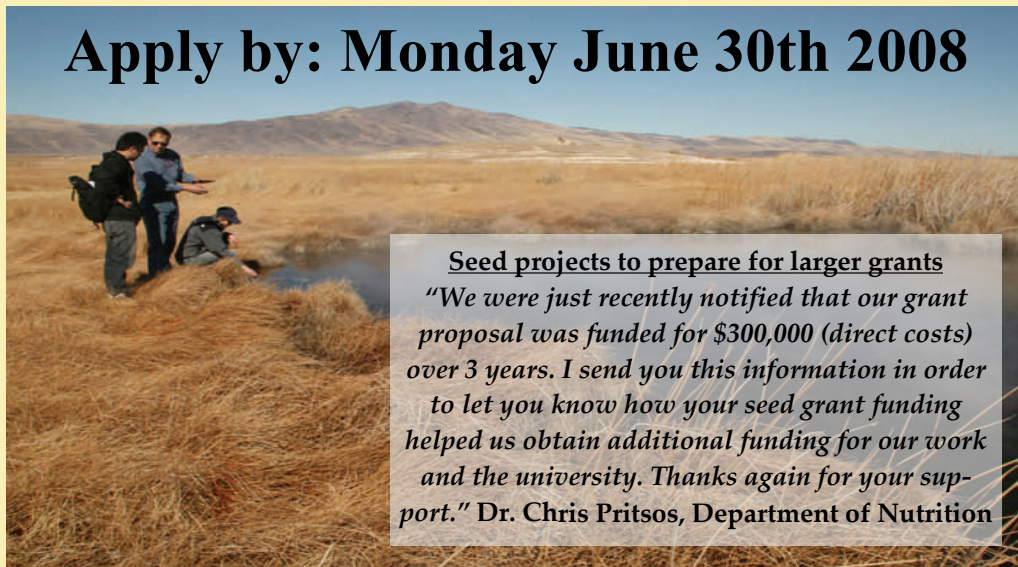

**EXTENDED
DEADLINE!**

**WE
FUND!**

Interdisciplinary Research Projects
Student Travel
Seminars & Guest Speakers
Curriculum Development & Support

Proposals are evaluated on a competitive basis. For more information about evaluation criteria and a list of previously-funded projects, go to: <http://environment.unr.edu>

Apply by: Monday June 30th 2008

Seed projects to prepare for larger grants
"We were just recently notified that our grant proposal was funded for \$300,000 (direct costs) over 3 years. I send you this information in order to let you know how your seed grant funding helped us obtain additional funding for our work and the university. Thanks again for your support." Dr. Chris Pritsos, Department of Nutrition
